\*Healthforce

## To Make 1 Gallon Chocolate Bliss™ SuperFood Drink:

1½ Cups SunFire Chocolate Bliss™ Powder

¾ Cup SunFire Vanilla Agave Nectar

14 Cups Pure Water

¼ Tsp. SunFire Salt (optional)

2 Tbs. SunFire Ultra Tocotrienols (optional)

### High speed blender directions (Vitamix or similar):

Add all dry ingredients to blender plus Vanilla Agave and 2 cups water. Blend on high for approx. 30 seconds. Then fill blender to 8 cup mark with pure water and blend on low until thoroughly mixed. Pour into 1 gallon container. Fill blender again with 8 cups of water. Blend on high for a few seconds. Add this water to the 1 gallon container. Shake well and chill.

### Low speed blender directions:

Add all dry ingredients to blender plus Vanilla Agave and 2 cups water. Blend on high for approx. 45 seconds or until smooth. Then fill blender to 5 cup mark with pure water and blend on low or medium until thoroughly mixed. Pour into 1 gallon container. Fill blender again with 5 cups of water. Blend on high for a few seconds. Add this water to the 1 gallon container. Then fill the 1 gallon container to the top with pure water. Shake well and chill.

### **Chocolate Bliss™** Ingredients:

Mayan Gold Cacao Powder, Hemp Seeds, Rhodiola Rosea, Maca, SunFire Salt, MSM, Pure Vanilla Powder, Carob, Tocotrienols (Vitamin E related Tocopherols, CoQ10, Glutathione), Camu Camu Berries, Acerola Berries, Manioc Root.

### **Fiesta Molé** Ingredients:

Pure Tomato Powder, Mayan Gold Cacao Powder, Hemp Seeds, Maca, Tocotrienols, Golden Flax, SunFire Salt, Spices (Peppers, Lilies, Herbs).

**Fiesta Molé** is a merge of classic Tomato/Chocolate based Polynesian and Chiapas Mexican recipes. Hemp and Coconut provide creamy flavors. Mild, tasty peppers and spice lilies provide the exotic flavors. Great for soup stock, salad sprinkles, salad dressings, sauces and savory, vegetable based smoothies.

**SunFire Salt** is extremely rich in platinum group elements supporting continuous peak mood and energy, immaculate hydration for perfect skin quality and high electrolyte levels for ultimate beauty/charisma/magnetic attraction. Quality and quantity of salt determine hydration. Salt holds water in solution and increases water's wetting angle, easing cellular uptake. All our salts are free of nickel dust created by low quality grinders.
